## We apologize

...to those of our readers who were taken in by last week's story about Sunday River's expansion into the Chapman Brook watershed.

The story was not true. It was our annual April Fool spoof. The sole purpose of this once-a-year indulgence is to entertain, and a number of readers have called to say how much they enjoyed the piece — but other readers were clearly not amused. Perhaps this year the premise just seemed too plausible, or the execution was too close to the vest.

To all those to whom the story may have caused confusion, inconvenience or embarrassment, we extend our sincere apologies.

And just to set the record straight: Sunday River has (to the best of our knowledge) no designs on the Water District lands, and StyroSno and the legal loophole are fictitious, as were all the comments attributed to Sunday River personnel.

## Board OKs teacher pay hikes; administrators to tour Ireland

By ALISON ALOISIO

The SAD44 School Board last week approved raises for teachers and gave their blessing to an administrators' tour of Ireland.

The terms of the teacher contract had not been officially discussed at this time because the teachers' union had not yet voted on it.

Percentage for salary increases which appeared last week in the *Bethel Citizen* and were wrong, according to union president John Brown. She declined to discuss the current figures prior to the union vote at the field representative of the Maine Education Association.

The salary figures are usually available at the time the School Board ratifies the contract, but the time lag between the votes is usually less than a week, according to John Brown.

Board members voting in favor of the contract were John Brown, Dina DeLamater, Wendy Gray, and Matt Hall of Bethel; Margaret Hank, Michael Pihak, and T.L. Moore of Woodville; and Paul and Brad Thibault of Andover. Debbie Gilbert of Newry and Susan Gordon of Greenwood.

Others were Bethel directors Morton Brown and Jane Lowe.

### Ireland trip

Sgt. Ronald Jenkins informed the board that he, Crescent Park principal David Murphy, Telstar principal David Davis, and NOVA Director Thomas Clark plan to go to Ireland the week of May 8 as part of a trip sponsored in part by the Bethel Rotary Club.

They're going to visit with their school's friends, look at their school and regular education programs and vacation and tour," he said.

The Bethel Rotary Club is helping fund the trip in the hope that the educators can make contact with other schools and set up future exchanges of both adults and students.

In response to a question from school director Morton Brown concerning whether district funds would be used, Jenkins said Davis

## Gambling fears rise in Albany

By MICHAEL DANIELS

Are they coming back with a gambling-hall plan, or aren't they? Right now there are little more than rustlings.

Some Albany residents are worried that the Passamaquoddy Indians are once again eyeing tribe-owned land in the township for a high-stakes bingo hall or even a full-fledged casino.

The tribe recently purchased 50 more acres in Albany, and, according to resident Doty Duddy, a Massachusetts construction company has been soliciting bids for a large building and furnishings.

But tribal officials have denied there are any development plans for the Albany parcel, although the tribe "is constantly reviewing its options," according to Fred Moore, the Passamaquoddy representative to the Maine Legislature.

Duddy said she fears the tribe will begin work on a casino this month, without obtaining any regulatory approvals, and would then deal with legal challenges as they come along.

Moore, however, said emphatically that "no decision has been made to do anything like that."

The Passamaquoddy Tribe currently has a suit in federal court asking for a ruling that the federal Indian Gaming Act applies to the tribe.

If the suit is successful, the Passamaquoddy would be able to build either a high-stakes bingo hall or a casino in Albany.

But Indian Township Gov. John Stevens has said that if the tribe is successful in federal court, its first priority would be to build a gambling casino in Calais.

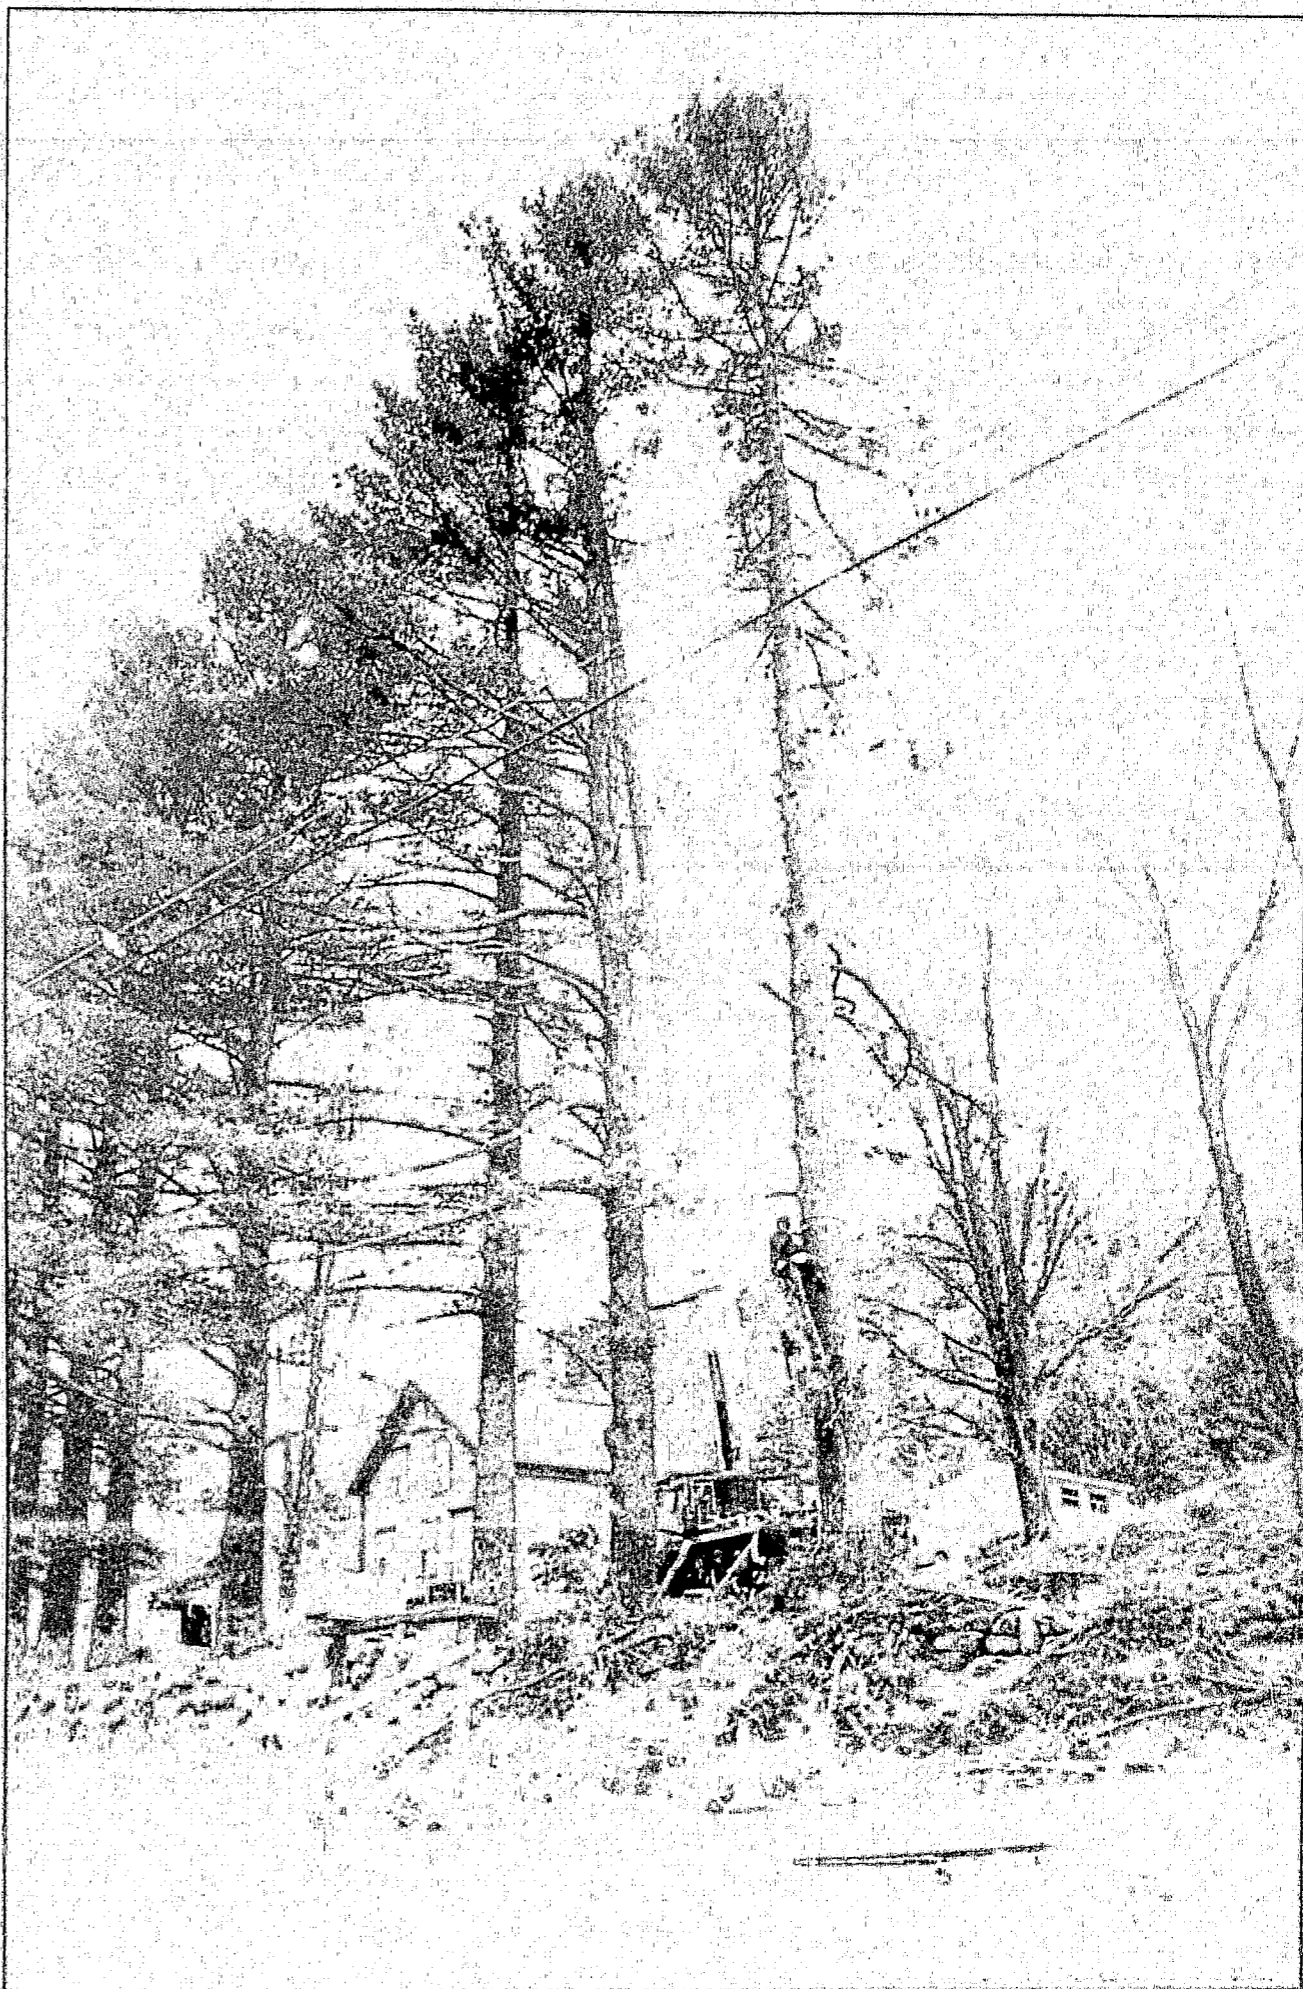

The Down East town is close to where most of the tribal members live, Stevens said. "I want this for my people, too," Stevens said in a February interview with the *Bangor Daily News*. "My people live here. They don't live in Bethel."

Stevens told *The Citizen* this week that the tribe had no plans for the Albany land, and that he had not been approached by any investors in regard to a possible gambling hall here.

### Earlier bingo plan fails

This is not the first time plans for an Indian gambling hall in Albany have been discussed.

MAKING WAY FOR PROGRESS—A worker from Lucas Tree Experts trims one of the dozen white pines in front of Warren and Nada Sessions' home on Route 26. By the end of the day last Thursday all the pines were gone, sacrificed in order to make way for the widening of Route 26. The rings on a nearby white pine (on the corner of Bloody Street) show it to have been between 125 and 150 years old.

## Gill likely to cost BAHC

By ALISON ALOISIO and JUDITH MEYER

Blue Cross/Blue Shield officials were talking to Charles Gill last fall about expanding mental health services in the Bethel area, when they discovered that the Bethel Area Health Center wasn't licensed to provide those services in the first place, according to a BC/BS spokesman.

Gill is currently facing charges of unlawful practice of psychology, after being fired from the health center in November 1994.

Because the health center was not licensed at the time, Blue Cross has sent a letter to BAHC asking for repayment of money paid to the center by Blue Cross in 1994, public relations manager Carol Morris said last week. She said the amount in question was less than \$10,000.

"We kept asking for their credentials last fall. We finally checked with the state, and found they didn't have them," Morris said.

Asked if Blue Cross has a policy of reimbursing health facilities in the interim until they can prove they are licensed, Morris said, "We require licensing in order to reimburse. There's no leeway on that. Do we have a foolproof method for finding out if a center is unlicensed? No."

Morris also said the health center would be asked to repay deductible and co-insurance amounts paid to the center directly from patients. She said that figure could equal the amount paid to Blue Cross.

Health Center Executive Director George Larsen said last week that Gill was told to get the center's li-

### THE NEW BUFFALO IS COMING

To the Editor:

In 1992 the residents of Albany township strongly voiced their opposition to the construction of a bingo hall in their area that would be owned and operated by the Passamaquoddy Indians. They were heard and the project defeated.

Now "The New Buffalo" has reared its ugly head again, this time flaunting a full-fledged casino proposed by the tribe in the same area. The new operation would cover roughly 36,000 square feet of land on the Crocker Pond road in Albany.

Since the last defeat in Albany, an additional 25 acres has been purchased by the tribe for this venture, together with the existing 18 acres in trust for the Indian Nation this would mean a complex of 43 acres.

I would urge all who oppose this project to write your local, state and federal officials before it is too late and the rural nature of this area is replaced by neon lights, garish signs, and the rumble of traffic.

Nothing in Albany has changed. Fire protection is still volunteer and night's patrol cover the area. Construction is slated for April. Time is running out, the promoters know it but there is still time to be heard. Please voice your opposition.

### HOSE ARTICLE IS A BAD MOVE

To the Editor:

I want this on the record now because I know there will be a vocal outcry concerning this warrant. I am unequivocally opposed to allowing article 44 on this special town warrant. The reasons for this are the following: In the past few years the town has voted to disallow the warrant five times at various town meetings. The first time that this happened the people left the meeting feeling that the issue was closed after debate. The fire chief, with money from Boise, later went back and bought the hose. In all due respect, the money given by Boise and used for the hose, had not broken the letter of the law, but it was the spirit that was broken when this came to light.

The same month the town once again voted down, after debate, another article for five-inch hose. Now, because of a problem with the town warrant, a new Town Meeting must be called to incorporate provisions that were left off, inadvertently, from the previous warrant.

I hope to agree that this town meeting is a place for a parliamentary democracy, not a place for the Fire Department. This unfortunate event has been a disaster. Following certain articles on up to, per se, violate the town's rules. As a member of the town, I feel the Fire Chief has been a disgrace to the town. He has not only violated the town's rules, but he has also violated the town's spirit. I feel the Fire Chief has been a disgrace to the town. He has not only violated the town's rules, but he has also violated the town's spirit. I feel the Fire Chief has been a disgrace to the town. He has not only violated the town's rules, but he has also violated the town's spirit.

## What A Waste

In

1993 Bethel produced 1220.73 tons of trash which cost \$86,970 in disposal fees.

In

1994 it cost \$115,004 to dispose of 1610.77 tons of trash.

To date in the 1995 fiscal year 1466.11 tons of trash have been generated costing \$90,896.17. It looks like 488.70 additional tons will be collected in the remaining three months of this fiscal year for a total of 1954.81 tons and a final cost for disposal of \$127,548.67.

What's the solution?

- Pay by the Bag to dispose of household trash?
- Mandatory recycling with a fine for non compliance?
- Continue as is with uncontrolled and escalating costs paid for by property taxes?

Give us your suggestions at an informational hearing held in the Lecture Hall at Telstar High School on Wednesday, April 5th.

The meeting will begin at 7 p.m.

The Bethel Citizen is a weekly newspaper serving central Oxford County, Maine. It is published every Wednesday except on Wednesdays when it is published on Thursdays.

### CATAPULT THOSE TOURISTS TO NORTH POND

To the Editor:

I think we've found a way for Locke Mills to share the pie with Bethel and Newry. Do you think Mr. Otten would be interested in my spouse's idea to complement his gondola and summer skiing with a giant catapult at Bethel Station? It would be used to fling non-skiing group members and their luggage to North Pond and water skiing, slides and other water-related activities. This hydraulic transport would eliminate a costly reception center. Commuters would enjoy the wet landing as part of the theme park ambience. Return would be by rubber raft down the Alder River. My husband has just completed a course in hydraulics and would be willing to design and contract out the construction as part of our requisite self-interest component.

And I thanks for the April Fool joke.

### TOO CRAZY HERE; WE'RE HEADED FOR THE HILLS

To the Editor:

Godly, you really had me going with your lead article this last week. Why, I said to Beth -- that's my wife, Beth, you know -- I said by Jesus, Beth, I guess we better take our house off the market. Looks like Home and Les are finally going to bring Bethel into the 21st Century after all. I was kinda upset about that Bethel Station staff and sorta doubtful about the whole thing. Well, sir, first I read one week that the post office was considering moving across the tracks. Then, right after that I read about this truly inured idea of having a gondola car installed on the roof of the big new hotel there to take the train folks right straight up to Les' new ski slopes he is going to build on the near side of the old mountain. What a view, I told Beth, that would make for us as we take our daily walk.

Towards the end of your article, you gave the game away. I'm afraid, I truly don't see how there's room for another theme park, even one called "At Play in the Woods." You were kidding about that, I guess.

Dagone it, I'm glad now I didn't call Ed Kennett about canceling the sale of our house. Without that theme park, we're outa here.

Maybe you and your family would like to join us in middle Tennessee. We could start a new party out there, call it the Democratic Party? It is surely needed, out there, don't you know?

### FOUND: A 'SMOKING GUN' OF BIAS

To the Editor:

In response to your statement following Stan Howe's March 22 letter, I would like to comment on your alleged impartiality in political matters as editor of the Bethel Citizen (news to me).

Last fall members of the Collins' Campaign staff contacted your office for press coverage of a planned visit to Bethel. They were told that you do not cover Republicans. This was reported to members of the Republican Town Committee by the Collins' staff.

As Republicans we notice that Republican press releases for an event do not get published in a timely manner, despite the fact they are submitted early.

The clincher, concerning your bias, was reflected in a letter written to the Citizen by Democrat activist Cathy Newell in support of last fall's Democratic ticket. You certainly knew her political affiliation when you published that one. There appeared to be no disclaimer.

Did you goof or is this the smoking gun that settles the question?

Barbara D. Brown  
Bethel

Editor replies: Our Republican friends are admirably tenacious. To briefly address the points raised by Mrs. Brown, starting with the "smoking gun": We of course knew of Mrs. Newell's affiliation with the local Democratic Party, and when she submitted her letter last fall we called her to find out just how she should be identified. To our surprise she told us she no longer held any positions in the Party, at any level. Should we have then identified her as a "former" Party official (and if we do "formers," just how far back do we go)? We think not -- once someone has severed such an affiliation, they should be entitled once again to comment as a private citizen.

To our recollection there is only one instance in which we cited a former political position in identifying a letter writer, and in that case the writer was a Democrat, Jeff Mills, who had been away from Bethel for a number of years and was writing from Mesa, Arizona. We thought many of our readers might wonder why someone in Arizona was commenting on a local race in Maine, so we identified Mills as a former state senator here.

As to Mrs. Brown's contention that Republican press releases are not published in a timely manner, we must ask where she gets her information about their being "submitted early." In fact Republican releases generally arrive in our office late Monday afternoon, at the same time as Dr. Howe's Moses Mason House column. We hold a late deadline for the Moses Mason material because it is such a welcomed and valued addition to The Citizen, but the deadline for meeting notices is more than two days earlier (Saturday noon). This means that in the normal course of events the notice would not appear in the paper for at least nine days. We bend deadlines when we can, but it is not always possible to get such last-minute material into the current week's edition.

Finally, as to her charge that the Collins' operative was told we "do not cover Republicans" -- it is preposterous. What the Collins' flack was told was exactly what callers for all other candidates were told last fall, and what we told our readers last week: that after the first campaign-kicking-off photo is taken, we do not run any further candidate-comes-to-town photos. If a given candidate's staff and the local faithful choose to see this as discrimination against their party, that's probably not surprising, but we think less partisan readers will see it for what it is -- an attempt to use our limited resources to best meet the real needs of our readers. Our recent readership survey included a question about what readers would like to see more of in The Citizen, and not one respondent (of 450) said they wanted to see more staged political photos.

As it happens, the bound volume of 1994 Citizens recently arrived back from the bindery, and as we do every year at this time, we reviewed the past year's work to see what we did and how we might do it better. But this time through, we also ran a tally of how many Republican and Democratic releases and photographs turned up in the newspaper. The score, releases: Republicans 21, Democrats 6. Photographs (including office holders and candidates): Republicans 6, Greens 1, Democrats 0. We might have missed one or two, but the pattern is pretty clear -- and overwhelmingly Republican (which no doubt says more about the lack of local Democratic organization than it does about editorial decisions made at the newspaper).

In regard to this alleged Democratic bias, it is also probably worth mentioning that the only political columnist to appear regularly in The Citizen, Mike Brown (no relation to Mrs. Brown), is a pretty conservative fellow. He clearly thinks Democrats, liberals and environmentalists are misguided pond slime, and he delights in finding inventive ways to say so. He was selected -- by this editor -- because of his colorful way of portraying the goings-on in Augusta, and because his perspective is close to that of many of our readers.

Given all of the above, we would think local Republican officials, rather than feeling themselves to be the victims of discrimination, would instead be congratulating themselves on their excellent record of using this medium to get their message out.

SAD44 budget

Andover selectman argues for 0% increase; board pencils in \$150,000 for TMS computers

By ALISON ALOISTO

Andover selectman Joseph Madigan asked the SAD44 School Board Monday to hold the line on its FY '96 budget out of consideration for Andover taxpayers.

Speaking at a school budget workshop in Andover, Madigan said his town faces a 25 percent tax increase, largely due to loss of valuation from MCI Corporation.

The budget proposal under consideration could increase the expenditure side of the school budget by 8.58 percent.

Madigan questioned \$400,000 being proposed for computer technology and staff raises.

"Why can't you keep the budget at zero percent? Can't you look at whether you need all the technology? The Telstar kids go to college, and they can't come back because they can't afford the price of the houses. I've been a teacher, and have foregone raises to save other teachers," he said.

The board has already agreed to raises for administrators and teachers. The 10 directors present Monday also gave their informal approval for about \$150,000 to buy computers for Telstar Middle School.

In response to Bethel director June Lowe's question regarding what it would take to achieve a zero percent increase, Jenkins said,

"You'll need to decide which 12 or 15 (staff) people you'll cut, along with the technological component. That kind of money doesn't exist in supplies and equipment."

Fellow Andover selectman Robert Creeke, who also attended, said after the meeting that he wanted it clear that Madigan was speaking for himself and not the Board of Selectmen.

Computer parity

The tentative decision on the computers came after lengthy debate. Andover director Brad Thibodeau questioned purchasing middle school computers before upgrading those to the level of Crescent Park technology.

"The board made a commitment to technological parity in the elementary schools. What we're doing is proposing to put that off for another year," he said.

Jenkins said he would like to upgrade at the other elementary schools this year, but not at the expense of the middle school.

"Woodstock and Andover have something. The middle school has nothing," he said.

Woodstock director Margaret Hand agreed.

"To have no computers at the middle school is criminal. If we teach the kids to do something in

the elementary schools, we can't expect them to spend the next three years of their lives not doing it," she said.

Marcel Polak asked administrators to put in writing a three-year plan for upgrading district technology, and the board finally agreed to the \$150,000 figure.

Assistant principal debated

Several directors initially said they would support eliminating the assistant principal/athletic director position at Telstar High School. The position is currently held by Carroll Higgins.

Higgins gave directors a detailed outline of his job responsibilities, much of which he said involves student discipline.

Jenkins defended the position, saying its loss would diminish Principal Ted Davis's productivity.

"What would we have Mr. Davis not do that he's doing now, in order to keep the discipline in place?" he asked.

Chairman Hand finally asked for a show of hands by those directors who would support eliminating the position. No one indicated they would.

Math curriculum OK'd

In a budget-related action at last week's regular board meeting, directors approved a revised

elementary math curriculum, for which \$15,000 has been allocated in the budget.

Woodstock director T.L. Magee opposed the plan, saying the price was "exorbitant," new materials were not needed, and the district should be able to provide in-service math training to teachers at a fraction of the \$15,000 figure.

"Math doesn't change that much," he said.

But curriculum coordinator David Murphy said many of the elementary textbooks are 10 years old and need to be replaced.

Math Curriculum Committee chairman and teacher Ellen Creeke said after the meeting that teaching math can now mean, for example, asking students to write about how they solve math problems. She said teachers who have been out of college a number of years must learn how to use a new approach.

"We did a lot of in-service training a few years ago when the MBEA writing scores were poor. Now we need to do the same for math," she said.

Tax Impact unknown

Supt. Ron Jenkins said after Monday's meeting it may be mid-May or later before SAD44 gets figures on the state's share of the budget. Only then, he said, will the district be able to determine the budget's effect on taxes.

School board

had requested \$500 from a professional development fund. The fund was approved in the administrators' contract.

"Last year all the money from the fund wasn't used, and I don't anticipate it will be this year either," he said. Jenkins is responsible for final authorization of the use of the money.

Jenkins said he will take vacation time for the trip, but expects the principals to take it as professional development time.

Murphy said Monday he would classify the trip as professional development time because "it will

have a positive impact on Crescent Park."

If I couldn't justify it that way in my own mind, I wouldn't go," he said.

Murphy added he has appointments lined up to meet with education computer technology officials in Ireland.

Directors voted unanimously at the meeting to change the May 8 board meeting to May 2 to accommodate the administrators' trip.

Absent from the March 28 meeting were Martin Hinkle of Newry, Ray Harrington of Greenwood, and John Percival of Andover.

cense in place as part of his job.

Larsen said a provisional license held by the center was surrendered in 1992 because there was no practicing mental health care person there at that time.

Wende Gray, president of the board of directors for the health center, said she and other board members "have known all along" that the health center is unlicensed. She defended the lack of a license,

saying, "In theory we would have had one if Charles Gill had been what he said he was."

Larsen said of the number of Blue Cross patients involved in the payments in question, "It's a small number relative to the total number of patients seen at the health center, as well as a small number of those seen for mental health reasons."

Larsen added, "However, each patient is important to us."

CAHILL ADDRESSES G.O.P.

Over 50 members of the Oxford County Republican Committee and guests met on March 14 in South Paris to hear Maine Republican chair Pam Cahill outline her plans for the party in the coming year in voter registration and grassroots organizing.

She also urged everyone attending to mark Nov. 4 on their calendars to be in Bangor for the presidential straw poll. She urged those attending to support the work being done by Republicans in the Maine Legislature to bring common sense back to state government.

Following a meal prepared by members of the Hannibal Hamlin Republican Women's Club, chairman Stan Howe of Bethel announced that the next meeting would probably be held in the Rumford area and the May meeting would definitely be held in Otisfield.

### Bethel Area Chamber of Commerce

The Bethel Area Chamber of Commerce has started to plan for our 26th Annual Awards Banquet, scheduled for Saturday, May 20, at the Summit Hotel.

We are seeking nominations for several awards that are traditionally presented on this evening. The Henry H. Hastings Award for Citizenship is presented to a community member who has gone way "above and beyond" in the volunteer arena. The Senior Citizen Award is given to a highly regarded and involved "senior." We are also seeking nominations for the Business of the Year Award.

As a newer tradition, in its fifth consecutive year, the chamber will be recognizing excellence amongst the Bethel area work force. We present "Employee of the Year" Awards in four categories: Wood Products, Hospitality, Ski Services and Retail/Service. Any Bethel area employer is welcomed to submit a nomination from his/her work force. The forms are available at the Chamber office or by calling 824-2282.

Our guest speaker for the evening's festivities is Chitany York, Executive Director of the Maine Conservation School and his alter personality Henry Bascom. We will also be holding our second annual silent auction prior to the dinner. Details on dinner offerings and prices will be forthcoming.

For more information, please call the Bethel Area Chamber office at 824-2282.

We would like to welcome a new office volunteer, Andrea Connolly of West Bethel. Andrea will be working in the office Tuesdays and Fridays. Many thanks to our seasonal reservationist, Donna Halacy, who is finished for the season.

The executive committee will be meeting next Thursday, April 13, and the full board will be meeting next Thursday, April 13.

Chamber members please be reminded of a couple upcoming deadlines: Friday, April 7, for listings in the Summer Dining and Shopping and Services Guides and Monday, April 10, for any member who would like to send brochures to the Toronto Travel and Leisure Show. We also encourage members to make employee nominations for our annual awards. These nomination forms are due in by April 25.

A couple other dates for you to keep on your calendar: Monday, April 24, "Co-Enterprise: A Maine-Quebec Business Networking Conference" to be held at the Ramada Inn in Lewiston; Thursday, April 13, "Charting Maine's Economic Future, the Course for '95" to be held at the Augusta Civic Center; Tuesday, April 25, "Tourism Day in the Legislature" at the State House in Augusta (and dinner in the evening); and Wednesday, April 26, "Maine's White House Conference on Travel and Tourism" at the Senator Inn in Augusta. Call the office for details on any of these conferences.

### FRUIT TREES NEED FRIENDS

One of the common reasons for no fruit on fruit trees in the home orchard is the lack of cross-pollination, according to the Oxford County Soil and Water Conservation District.

Flowers must be pollinated to produce fruit. Many common fruit trees such as apples, pears and plums need to be cross-pollinated with other varieties of the same fruit. The trees must also be in bloom at the same time. For example, a McIntosh apple tree and a Red Delicious tree will effectively cross-pollinate each other because their bloom periods overlap.

Lack of cross-pollination can be solved. Just plant another compatible fruit tree.

Some fruits do not require cross-pollination. They will produce fruit when planted alone. Peaches, sour cherries, some plums and blueberries are self-fruitful. However, planting different varieties -- such as blueberries -- can improve crop size and quality.

For more information on varieties for cross-pollination and to order additional fruit trees, call the OCSWCD at 743-7019.

## TAXES

Strategy #14 - Divorce calls for planning to minimize taxes

Going through a divorce is unpleasant, but failure to consider taxes can make it even more so. Some things to be aware of:

- Alimony is taxable income to the recipient and deductible by the payor.
- Child support is neither taxable nor deductible.
- Though property settlements are not taxable, there can be some nasty tax surprises down the road if future tax consequences are not considered.
- Specific tax rules govern the dependency exemption for children in divorce situations.
- The timing of the divorce could significantly affect your tax bill.

The Walter Fox Book Awards account is in dire financial need. The award was established in 1943. Book awards were given to an outstanding member of each high school class for "rank, faithfulness and conduct." The awards have also been called the Sylvanus Poor Book Awards. The awards were extended in later years to recognize outstanding students in grades kindergarten through senior class. The account's value has decreased over the years, the current balance will not cover the expense of purchasing the book awards this year. Many residents, family members and classmates have been the recipient of the book award. It has been an Andover tradition for 50 years. Let's not let the past traditions of recognizing our students' outstanding students' accomplishments die away. Please forward any donations to the Andover Town of Andover, Walter Fox Book Award.

Contributions to Jasmine Fyfe's Andover Elementary School Student of the Week March 20-24, 1995. Justin Hutchins will be attending on behalf of the Bethel American Legion. Alternates are Scott Waite and Kurt Thurston. All are Telstar Juniors. To be a delegate a student must have a nomination by a teacher and be in the upper half of their class academically.

A recent picture published of new members inducted in Telstar's National Honor Society included four Andover students from a total of nine selected. Sophomores were Daniel Emerson, Sarah Richardson and Fred Emerson. Junior selected was Mary Jean Learned. Two seniors, former residents of Andover were also included, Angela Szente and Aimee Kaulback. Congratulations.

The Recreation Committee met recently. Upcoming events include the formation of four ball teams. Andover youngsters are invited to play for the Little League, Babe Ruth team or on the two girls softball teams. The group is asking for donations for new team uniforms, checks may be forwarded to the Andover Town Office and marked for "recreation uniforms."

In celebration of National Library Week, the library will be hosting Amnesty Week from April 9-15. There will be no fines on overdue books returned that week.

In honor of Volunteer Appreciation Month and National Library Week the Andover Public Library is sponsoring a presentation by the Abused Women's Advocacy Project on April 12 at 6:30. The informal discussion will be about the many kinds of opportunities there are for volunteering and the services provided by the Abused Women's Advocacy Project to our schools and throughout the community. Because of the extensive amount of training and support provided, many volunteers have been able to eventually go on to paid jobs. Many volunteers stay for years because they find what they do to be challenging, rewarding and fulfilling.

The Abused Women's Advocacy Project is a nonprofit agency which provides comprehensive services throughout Oxford, Andover and Franklin Counties. In Oxford County there is an office in Rumford and Norway.

The Abused Women's Advocacy Project has volunteer opportunities for men and women of all ages. There are ways in which groups of either children or adults can help and we also train and work with a lot of teens in a preventive program for incest.

Come to meet the staff and hear about all the programs in the state and beyond.

Get well wishes to Mrs. Pat Wozniak who recently had surgery. Sympathy is extended to Richard Sullivan of East Andover. His father, John Sullivan of Rumford, died recently.

# Locke Mills

by Lorraine Mills

There will be a chicken pie musical supper with a dance following to benefit the Legion Hall at the hall beginning at 5 p.m. on Tuesday, April 11. Richard Felt and his band and Charlotte Cole will be among those providing the music.

The Ladies Circle will meet Wednesday, April 19, at the Sunday School room at 2 p.m.

The Greenwood Fire Department will have a game party fundraiser on Sunday, April 23. More about this later in the month.

The town offers its sincerest sympathy to the family of Clayton Mills, who died March 22 at Ledgeview. Among those attending his funeral Saturday, March 25, from Locke's were his brother, Lee, and sister-in-law Mary Mills; Lorraine Mills and Mary Stone. In later years Uncle Clayton visited Uncle Lee regularly and they played cribbage together. Uncle Lee is certainly going to miss that amongst other things. I don't know how Uncle Lee made out, but the few times I played cribbage with him I got soundly trounced. Uncle Clayton and Aunt Bertha always had an open door to us kids, and I have many fond memories of them, and their home long before I became part of the family.

I wonder if anyone else feels as sick to the stomach as I do when I see what they are doing to Route 26. It was one of the prettier spots on the route. I suppose this is what is called progress. I got out and got some pictures of the pines on Sunday. I was glad I did because when I went through to Bethel Thursday they were all down.

My son Ralph celebrated his 30th birthday on March 27 at his home in Andover, N. H. Well, not exactly at home. He and a few of his buddies stopped here to celebrate at a local pizza restaurant. Also, Dale and Ellie Clark had fun over for supper and cake and ice cream the previous Friday. I nearly sent him a card that said "49 and holding" but caught the mistake in time. I'm sure that would have gone over like a lead balloon. I'll never forget the first birthday he spent in Vermont. I made him a cake complete with frosting and

carefully packed and mailed it to him. The only problem was he was new to the area and couldn't find the right post office to collect his package. By the time he caught up with it, it had been in the post office for two weeks and was in sad condition. The next year I made the cake and sent him the sugar and recipe for making the frosting. His attempt at frosting was a disaster. I quit sending him cakes.

I inadvertently left out Dot Chopping's name when I listed the guests at Lisa Chase's shower. I can't imagine why. Dot is one of my favorite people and is not easy to forget.

Jim and Linda Ryan, Ben and Nick of New Hampshire were at the Greene's home on Howe Hill over the weekend getting in some spring skiing. The slopes may have some snow but most of it has disappeared in the village. We may get some more before spring really sets in, but at least it doesn't last long. From the sounds of the birds returning from the south, they are optimistic that spring is early this year. Actually, I suppose, spring always begins in March but spring as listed on the calendar and spring in actuality often bear little resemblance.

The Greenwood Fire Department Auxiliary held a meeting Monday, March 27, at the Fire Station with Mary Stone, Maggie Ring, Denise Swan, Veronica Penley, Lorraine Mills, Sally Melville and Cheryl Young, plus guests Jay Melville, Corinne Penley, Anita Hakala, Fran Piccirilli, present. It was announced about \$240 was made at the Town Meeting dinner. Officers elected were: Maggie Ring, president; Cheryl Young, vice president; Mary Stone, secretary; and Denise Swan, treasurer. After the Auxiliary's business was concluded, Anita and Fran described a new fundraiser the fire department was planning for April and requested the Auxiliary's help in providing baked goods for the day. Also, a quilt had been donated for a raffle and they requested help in selling the tickets. The Auxiliary agreed to help in any way they could. The proceeds will go toward the purchase of a new and upgraded computer needed for the fire department's training sessions. Like the rescue services, the fire department is expected to meet more and more state and federal requirements and in order to do so, surprise, they need up-to-date computers, whatever they are. Computers are one thing that are obsolete the minute you take

them out of the box, technology changes so fast.

Charlotte Cole visited Ruth Tyler, Marion Langway and Verna Swan, all of Bryant Pond, and played and sang to them. On Thursday, Helen Chase and Rev. Debbie Jenks accompanied Charlotte to Ledgeview where Helen did some visiting while Charlotte and Debbie went to seven different rooms with Charlotte playing and singing and Debbie giving spiritual comfort. They also visited Lee and Mary Mills, Lee just having lost his last brother, Clayton Mills recently.

Mr. and Mrs. Wilfred Noyes, sister and brother-in-law of Charlotte Cole, left their winter quarters in Zephyrhills, Fla., on April 1 and are headed for their summer home in Wilton. We all hope they have a pleasant trip back.

On March 19, Molly and Matthew Nelson went to Shawnee Peak (Pleasant Mountain) to compete in a race. Matthew competed in the Cub Scout 60-second race (again). The object is to try to see who comes closest to 60 seconds without going over. Matthew's time was 48 seconds, which won him second in the race. Molly entered in the Nasar race, and her best time was 29.55 seconds. She also got a bronze pin.

Members of Cub Scout Pack 155, Den 5 presented some wooden game puzzles which they made in their meetings to the staff of Fryeburg Health Care Center for visitors and residents to use. The Cubs were earning their craftsman's badge. Luke Jackson, Matthew Nelson and Joel Barker were the Cubs in this project.

On Sunday, March 26, Frances Grant gave Gladys Kilgore and myself a nice Sunday treat by taking us out to North Waterford to McAllister's Sap House, where we had a treat of homemade ice cream with homemade maple syrup on it. The McAllisters have 50 trees that they tap. Marie tells us it takes 40 to 50 gallons of sap to make one gallon of syrup. This syrup will taste awful good on pancakes one of these mornings.

Troy Nelson has gone to Mt. Vernon, Va., on a class work project. He and his class members and teacher will be gone about a week. This is a good learning experience for them.

school in Massachusetts after spend-  
ing a few days' vacation with his  
friend "Smitty" in South Carolina.

I have received another bit of in-  
teresting reading which would be of  
interest to most everyone in town. It  
has poems and pictures and write-  
ups all in an old album. Some of the  
names in the album are Skinner,  
Dadmun, Flanders, Grover, Adams,  
Barker, Kendall, Nelson, Trimbach,  
Littlefield, McAllister, Farrington,  
and many more. One item was about  
a Fryeburg youth that was kissed by  
a bull moose and lived to tell about  
it, and another item was about a  
sleer, named "Mel," owned by Mrs.  
Herbert Dadmun, that liked to eat  
deviled meat sandwiches and helped  
to deliver the Sun papers. I hope to  
have these things on the  
memorabilia (I can spell it if I can't  
pronounce it B.H.I.) table at our  
church's 100th celebration on Aug.  
26.

On March 28, the Stoneham  
Volunteer Firemen met for their regu-  
lar meeting at the Fire Station with  
about 15 members present. The rest  
of the firemen received their shirts  
and badges. They also discussed the  
training for Saturday, using an old  
vacant house in town, and they prac-  
ticed putting on their fire-fighting  
gear after the meeting.

and Hazel Dillingham took a ride  
last Sunday to Waterford to see the  
buffalo at Richard Jones' farm.  
Phyllis said it was a great experi-  
ence and there are 23 buffalo in the  
herd. The Jones asked them in for  
coffee, and they had a nice visit.  
This is somewhere to go on a  
weekend for a short drive to see  
something different.

Birthdays being celebrated in  
April are: Judi Brown, Brooke and  
Ken Grover (twins), who will be

sets of these twins are in my family.  
They are either my nephew and

awards from our area are: Sheryl  
Westleigh, Lacy Phillips, Brandy  
Poland, Alishia Miclon, Caitlin Gal-  
lagher, Matt Moore, Jeff Chandler,  
Neil Thurlow, Neil Phelps, Jeremy  
Curley, and another name I recog-  
nized was Staci Littlehale. It is good  
to see so many participating in the  
sports program.

Telstar Middle School honor roll  
for this ranking period included:  
Amy Kennison, Jeffrey Chandler,  
Jeremy Curley, Emily Phillips and  
Staci Littlehale. Congrats all!

Larry Billings, curator, Woodstock

has had some informal courses in  
both art and antiques recently. These  
are the two areas in which he  
wanted additional special training.  
Mr. Billings has given an antique

Richard Wing has missed some  
work time due to a cold; they always  
seem to come in the spring when  
you want to get out and do some-  
thing.

I was in the hospital this week for  
a short stay. I want to thank all the  
friends and relatives who called. It's  
nice to know you have good friends  
who care about you. Thanks again.

A few weeks  
ago I wrote  
about our new  
citizen dressed  
in red, standing  
high up on a  
cliff on Noyes Mountain, Mr. Snow-  
man. Today, I'm sending his picture  
taken by Ann when she and her dog  
walked there. I have traveled that  
trail many times but not as far as  
Mr. S. Much of what I write today I  
do from memory. How I wish I  
could have gone with Ann, but I  
could not go at that time. She  
brought back several photos.

From her home she crossed the  
farm fields and turned right to pass  
more remote reaches of land. The  
trail advanced along the traces of an  
old farm road, an old woods road,  
long abandoned. Everywhere along  
its length there are little detours, old  
friends among the trees, special  
plants, that can be visited at dif-  
ferent seasons of the year. It's one  
of my favorite trails of summer.  
Then if I looked into the deeply  
shaded little glens I could hear the  
bird songs. It's always cooler there  
in summer and the snows of winter  
are long unmelted.

In summer, too, I have advanced

with the path of the old road mottled  
with sunshine and shadows.

By following all the turnings of  
the same familiar path, I'm sure Ann  
saw the same scenes, but in winter  
dress. Everywhere the wildness was  
at hand.

Nowhere else did she feel the  
remoteness from the world, as there.  
She told me of sitting and hearing  
just the breeze whispering by her.

After miles she said "Hello" to Mr.  
S. and looked down onto Norway  
Lake, viewed Shawnee Peak and a  
couple of houses deep in the valley.

The trail has been cleared and im-  
proved, so I'm looking forward  
hopefully that I can go there this  
summer.

Kassi Gatchell and Kaity from Portland, Ethel and Craig Turner, Amber and Jan Bean and David Turner from Otisfield, the caretaker Tracy, and folks of Norway. Sheri enjoyed her gifts, the special cake and ice cream and other goodies. It was also enjoyed by her mom, Tami and Christopher.

Both sugar and vinegar are preservatives, so it seems to boil down to whether you want to be pickled or in a jam.

Tom and Edith Murphy Wight and baby boy Rick were guests of Tom's parents, Owen and Sue Wight, over the weekend of the 26th, also their beautiful dog was there. They took part in the call to worship with Pastor Rodney Hanscom, his wife Kathleen and daughter Nancy, on Sunday, the 26th. The Message of the Day was

"What if" from scripture II Corinthians 5:16-21. "What if there was no God? What kind of a world would it be? What if there was no love for our fellow men? What if?" After the service, coffee and goodies were served by Owen and Sue and some lively conversation followed.

The annual Easter Sunrise Service will be at Mother Walker Falls on Sunday, April 16, at 7 a.m., followed by a potluck breakfast at 7:30 at Owen and Sue Wight's residence. Everyone is welcome to participate. Happy Birthday to Bonnie Learned, on the 10th! "Verily, I swear, it is better to be lowly born, and range with humble people in content, than to be perked up in a glistering grief, and wear a golden sorrow."

The Newry Mothers Club will meet April 10 at 7:30 p.m. at the Town Building. Wendy Hanscom will be a guest speaker on the plans for the trip to Storyland for the Newry children. What... No April Fool Day?? Oh,

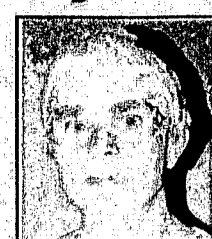

the lovely fickleness of an April day! Well, I'll make a fool of myself and give a few quotes. "Fools, to talking ever prone, are sure to make their follies known." "Thou little thinkest what a little foolery governs the whole world." "People are never so near playing the fool as when they think themselves wise."

P.S. No bowling this week. See you next week.

Spring is here. This season the Newry Recreation Committee will be sponsoring two girls' softball teams. Girls aged 7-12 interested in learning the skills of the game can participate in the Play and Learn League while girls aged 13-16 are encouraged to play in the more competitive Oxford County Softball League. Any SAD #44 girls interested in playing or anyone interested in coaching should contact Denise Roderick at 824-3478.

Keep posted for a spring cleanup day at the ballfield. Many hands will be needed to spruce up the backstop and the infield.

## High Street

West Paris  
by  
Russell Yates  
Howdy, folks.  
Today is Mon-  
day, the 27th  
day of March,  
and it seems  
now that we are

going to have a real nice day, but  
that could change oh so quickly.  
Time is passing us by very quickly  
and it soon will be time to work in  
the gardens.

A week ago this forenoon, Peggy  
made a batch of fudge and then  
made a pineapple coconut coffee  
cake to take to Grange for judging.  
In the evening, we attended the sup-  
per and meeting at Franklin Grange  
of Bryant Pond, and it was at this  
meeting where the coffee cakes  
were judged. We had several  
visitors and some of those were  
chosen to judge the coffee cakes.  
There were nine entries in this con-  
test, and top honors went to Dorothy  
Canwell, who is our pianist. She  
lives at Oxford Meadows Apart-  
ments but always seems to be there  
when we have a Grange meeting.

Wednesday was the day that some  
of "The Tired Teachers", as we hear  
them called, went to Ledgewood  
Manor in North Windham to visit  
Doris Hayes, who is also one of  
those "Tired Teachers." As I under-  
stand it, the four young ladies that

were in this group were Dorothy  
Betts and Colista Morgan from  
Greenwood and Lettie Brooks and  
Louvie Coffin from West Paris.  
When they visit Doris they usually  
play cards, and members at the  
home recognize them as the "Gam-  
blers." They found Doris doing quite  
well and they enjoyed their visit  
with her.

We got a call from our niece,  
Wynona Woolf of Auburn, on Sat-  
urday to let us know that our sister,  
Viva, was in a very deep sleep in the  
forenoon and nothing seemed to  
wake her.

I uncovered by bird houses yester-  
day, and I wish that some bluebirds  
might desire to make use of some of  
them, but it's usually a battle with  
the tree swallows, who usually win  
out. I talked with my niece, Loretta  
Merrill, earlier in the day and she  
reported seeing bluebirds up there in  
West Bethel. If they like West  
Bethel, they'd just love it down here  
on High Street.

Louise and Roger Twitchell of  
Locke Mills were callers at the  
Lovejoys on Tuesday. They are  
planning a trip to Washington, D.C.,  
soon.

Marsha Baxter from Oxford was a  
recent caller at the Lovejoy home.

Mary Lovejoy called on Bessie  
Flanders in South Paris recently.

Sunday callers at the Lovejoy  
home were their grandsons, Alan  
and Joel, from Oxford.

There will be dances at West Paris  
Grange Hall on April 1, 8, and 15,

with music by the Richard Felt Or-  
chestra.  
Plans are made for a Craft, Food,  
and White Elephant Sale at West  
Paris Grange on May 13, from 9  
a.m. to 2 p.m. To reserve tables,  
contact Peggy Blake at 674-3872 or  
Mary Lovejoy at 674-2147. Tables  
are \$3 each. Donations are accepta-  
ble for the White Elephant table.

## THOUGHTS FROM THE Pastor's Study

The Bethel Area Clergy Association,  
with the help of pastors of surrounding  
churches, brings you these meditations.  
Not based on any set theme, they will be  
individual for each pastor. It is hoped  
you will find in these words comfort and  
hope for your daily life.

One again it is the time of year  
that we celebrate the greatest day of  
the Christian church, which is the  
bodily resurrection of the Lord Jesus  
Christ from the grave. Of all the  
varied religions of the world, not  
one of them make this claim, the  
promise of the resurrection of the  
human body from the grave, to live  
forever throughout eternity. This  
proves to me that Christianity is the  
one true faith.

Our Lord Himself gave this promise  
as He stood by the tomb of his  
friend Lazarus to his sister Martha:  
"I am the resurrection and the life;  
he that liveth and believeth in me,  
though he were dead yet shall he

live. And whosoever liveth and  
believeth in me shall never die."  
(John 11:25-26) The basic meaning  
of "death" is "to be separated from."  
In physical death the soul and body  
are separated from the physical  
body. In "eternal death" the soul,  
spirit, and body are separated from  
God forever. The words, "though he  
were dead," refer to physical death,  
whereas the words "shall never die"  
refer to eternal death as mentioned  
above.

The one thing that determines our  
eternal destiny, therefore, is  
wrapped up in the six important  
words, "whosoever liveth and  
believeth in me." The word  
"believeth" means more than with  
the mind, intellectually, but indi-  
cates faith, to trust in or rely upon.  
Much like when you take the advice  
of a doctor. You may not fully un-  
derstand the medical terms used in  
the diagnosis but you rely upon or  
trust in the doctor's desire and  
ability to make you well.

How thankful we ought to be that  
there is no "discrimination" with  
God. "Whosoever believeth" means  
exactly that. It does not say all who  
do something to gain eternal life, but  
all that place their faith in Jesus  
Christ as Saviour, believing that He  
died for their sins, shall obtain the  
promise of one day having a new  
body and be forever with the Lord.

Easter, then, means far more than  
chocolate bunnies and Easter eggs.  
It means that God is promising that

through personal faith in Christ, that  
He died for their sins, that one day  
he will come forth from the grave,  
as He did to live forever in a new  
body.

As our Lord said to Martha in the  
above text, "believeth thou this?" I  
sincerely hope so and because of it  
will have a glorious Easter.

### Local artists show their 'Local Colors'

On April 8 the Mahoosuc Arts Council, with the support of the Maine Community Foundation, will present "Local Colors" -- a showcase of local artists at Telstar Regional High School. Visual artists will exhibit and sell their work in the cafeteria from 5:30 to 7 p.m. Performances featuring musical selections ranging from original and popular, acoustic and electric, to folk and community band numbers will take place in the Helen C. Berry Auditorium from 7 to 9:30 p.m.

Don Murphy and Jewel Clark will emcee the Showcase, which will feature The Mahoosuc Music Makers, a community band; soloists Jewel Clark, Julia Anderson, Doug Alford, Sarah Paul and Shawn McCole; the duo of Two Left Feet with Ellen Lindsey and Paul Dube; the rock group, Full Service Island; and The Hooters -- Don Murphy, Mark Hitchcock and Ronnie Mills from the Sudbury Inn's Thursday Hoot Night. Artists who have recordings will have them available for sale.

Over the years the Mahoosuc Arts Council has recognized that many members of the Bethel area and surrounding communities are talented visual and performing artists. Although Local Colors will feature only a sampling of local talent, it will give friends, families, and other community members a chance to see and hear their work. General admission tickets are \$4. Tickets are on sale at Preb's Pharmacy in Bethel or may be reserved by calling the Mahoosuc Arts Council at 824-3575.

#### RUMFORD GRANGE

The Women's Activity Committee special gift was won by Roberta Ramey, and the program closed with a harmonica solo by Gerald Easter.

There will be a baked-ham Sunday dinner on April 9, served 12 noon to 2 p.m. On the menu will be baked ham, raisin sauce, mashed potatoes, carrots, green beans, bread and assorted pies.

There will be a flea market at the Grange Hall on May 13 with tables to rent. It will open at 9 a.m.

#### Bicentennial Committee notes:

By JUNE ABBOTT

The Bethel Bicentennial Committee will hold a meeting on Sunday evening, April 9, at the home of Dr. Stanley Howe on Broad Street. Several projects that are presently being organized will be under discussion.

Ruth Grover and Dana Brown-Nickerson have been very successful in finding many examples of wedding gowns and formal wear from the 1800's to present. They are now matching models to gowns for presentation at the Gehring House on May 20 at 2 p.m.

A calendar of Bethel, then and now, is being investigated. The committee working on this project is hoping to uncover previously unpublished photographs. Bethel residents who have that old box of pictures in the attic could have those special photos for which the committee is looking.

On April 16 at the Bethel Historical Society meeting, Jim Rose is to give a preview of his presentation scheduled for Patriot's Day. Further details will be forthcoming on this April 19 event, the first of the bicentennial celebrations.

The committee invites all residents of Bethel to participate. For information call Stan Howe at 824-2291. The Bethel Bicentennial Committee can also be reached at P.O. Box 995, Bethel, Me., 04217-0995.

#### BINGO, LUNCH TO BENEFIT GREENWOOD FIRE DEPT.

Jackson Silver Post #68 will host a bingo game on Sunday, April 23, at the Locke Mills Legion Hall to benefit the Greenwood Fire Department. The hall will open at 11 a.m. and a hot lunch featuring lasagna will be available. Games will start at 1 p.m.

Proceeds of the benefit will help the Fire Department upgrade its computer system. The department is currently using an old machine, on loan from the town office, with which it tries to maintain records for various government agencies of new purchases, equipment maintenance, fire statistics, and employment data such as training records, health records, injuries and work experience.

According to assistant fire chief Wayne Hakala the new computer would make this task easier as well as improving the department's ability to develop and implement training plans and programs; giving the department the capability to develop prefire planning for residences, businesses, and special situations, thus improving the department's response and making it more efficient; providing direct access by fax modem during special situations to support groups such as the Boise Haz Mat Team and CHEMTREC; and providing interactive, simulated training for firemen prior to hands on training, or when it is not practical to use equipment.

The bingo is a great opportunity for people to enjoy a good meal, have a fun afternoon, Hakala said, and to help the Fire Department provide service to the community.

# HOWE CONTRIBUTES TO MAINE HISTORY BOOK

Stanley R. Howe, director of the Bethel Historical Society, is among 27 scholars of Maine's past who have contributed chapters and/or sections to a history of Maine, the most comprehensive account of the state's history since Louis Hatch's publication of 1919.

"Maine: The Pine Tree State from Prehistory to the Present" was published by the University of Maine Press this winter and was edited by Richard Judd of the University of Maine, Edwin Churchill of the Maine State Museum, and Joel Eastman of the University of Southern Maine. Containing more than 600 pages, the book is expected to be available in bookstores throughout the state.

Howe, a native of Bethel, is a graduate of Gould Academy and the University of Southern Maine. He received his M.A. in American history from the University of Connecticut and a Ph.D. in Canadian history from the University of Maine. He is also a graduate of the Seminar for Historical Administration, based at Colonial Williamsburg.

A member of the history honor society, Phi Alpha Theta, he has served on the adjunct faculty of several universities and taught Maine history at Westbrook College. He has served as lecturer/discussion leader in a number of humanities projects in Maine and New Hampshire and as a consultant for museum and humanities programs. His publications include articles and book reviews on New England and Canadian subjects. He has edited the quarterly publication of the Bethel Historical Society, *The Bethel Courier*, since its founding in 1976 and served as editor for a number of society publications. His book, "A Fair Field and No Favor": A Concise History of the Maine State Grange, was published last fall.

Active in the community, Howe is well-known throughout the state in historical circles, currently serving as the historian member of the Maine Preservation Commission and as Book Review editor of *Maine History*.

MAINE PRINCIPALS' AWARD—Telstar senior Elise Bennett of Bryant Pond has received the 1995 Principal's Award. Sponsored by the Maine Principals' Association, the award is given in recognition of a high school senior's academic achievement and citizenship. Davis said she has distinguished herself in the classroom, on the playing field, and in the community. Elise and the other award winners and principals attended an honors luncheon in Orono on April 1.

## FOUR-H YOUTH PROJECT

The Oxford County 4-H Youth Development program is initiating a new pilot project for teens funded through a grant from the Pine Tree State 4-H Foundation.

The pilot project will focus on teen entrepreneurs, career counseling, and entrepreneurship opportunities. Twelve students will be selected to participate in this initial pilot session to begin in mid-April.

Young people will assist with research, and a small video for business planning to use as a resource in the future.

Applications are available at the University of Maine Cooperative Extension by calling Susan Jennings at 743-6429 or 1-800-287-1452. Students in grades eight to 10 are encouraged to apply. The deadline for applications is March 24. The program will include food preparation, career plans and a cultural exploration during the visit to New York City.

This project complements plans to wire each classroom into the Internet by the end of next year. School officials hope to encourage students to use the Internet in all academic disciplines, from literature to mathematics, instead of focusing on computers as a separate subject. Computers and the Internet, they maintain, are tools that aid the dissemination of information in all areas.

# THE SIX STEPS TO CLEANING UP WITH CLASSIFIED

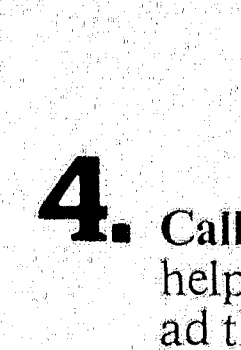

1. Gather up all unused articles of clothing, jewelry, furniture, glassware, china — or almost anything else!

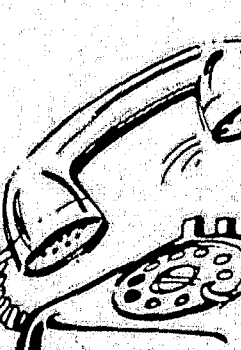

2. Put a reasonable price on each article to be sold.

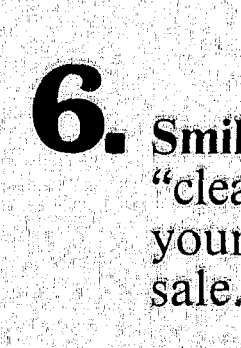

3. Write an ad describing all the articles you wish to sell or ...

4. Call us and let us help you write an ad that will sell your "treasures."

5. Wait for the phone to ring with buyers who are happy that you are selling exactly what they've always wanted.

6. Smile as you "clean up" on your clean-up sale.

## YOUR AD IS FREE...

if you put the price of the items to be sold and the price is less than \$250.

## In Memory of Laura Seames who died in a house fire April 7, 1983

Many souls have passed since the tragic day when suddenly you were called away. We miss you and have had a mission that I will never understand. I wish to thank you for the way you lived, for the love you gave, and for the memories you left behind.

You were a loving Mother and you did your very best. You kept us all together after Dad was laid to rest. He left you at an early age as children in your care. I shall be ever grateful for all the love we had to share. Thinking of you.

Your daughter, Evelyn
